Strong impact resistance -IK07

Strong impact resistance -IK07

Cordless, with rotating hook

With the adjustable & retractable multi-angle hook you will have the possibility to hang this professional lighting tool on every surface. Leaving your both hands free for the job.

Defeat darkness

Philips professional workshop lamps feature powerful LEDs for an intense white light and a bright wide beam to defeat darkness. Designed to optimize clarity and vision, the 6000 K white light also improves visual comfort for fatigue-free working.

High quality LED light

The white LEDs provide 150 lumens of light output to ensure that you are not left in the dark when trying to spot even the smallest details.

Strong magnet

With the new strong magnet, you have the possibility to attach the tool to metal surfaces for hands-free maintenance.

Wide beam angle

The wide beam angle of up to 120° allows for a comprehensive illumination of the task, while delivering the right amount of light.

Fast charging

Philips cordless LED lamp is designed to be at your disposal whenever required. Powered by high-energy Li-ion battery, LED inspection lamp RCH10 is fully recharged in up to 4 hours, insuring maximum usage of the LED light.
