## Highlights

### Focus light: 20 lm

The focus light will enable you to see what remains hidden for others; thanks to its ultra-slim design the lamp can be manoeuvred into very small cavities and the strong LED source will illuminate all.

### drop test: 12 times free drop

drop test: 12 times free drop from 1.5M.

### High quality LED light

As the international market leader in car lighting, we have years of experience and know-how in light. The Philips LED inspection lamps are equipped with high quality LEDs. Our LEDs combine strong light performance with a natural color rendering for fatigue-free work.

### Defeat darkness

Philips professional workshop lamps feature powerful LEDs for an intense white light and a bright wide beam to defeat darkness. Designed to optimize clarity and vision, the 6000 K white light also improves visual comfort for fatigue-free working.
