Electrical characteristics

- Battery capacity: 2200 mAh
- Battery run time (boost): Up to 3 hours
- Voltage: 3.7 V
- Battery run time (eco): Up to 8 hours (pointer)
- Battery type: Li-ion battery
- Charging cable type: Rechargeable
- Plug type: Micro USB
- Battery charging time: around 4 hours
- Power Source: Li-ion 18650
- Wattage: 3 W + 1 W torch

Light characteristics

- Colour temperature: 6500 K
- Light intensity (boost): 630 lux at 0.5 m
- Light intensity (eco): 3100 lux at 0.5 m
- LED lifetime: Up to 30,000 hours
- Beam angle: 90°
- Light output (eco): 100 lumens
- Light output: 300 lumens
- Beam angle (pointer): 15°

Outer pack information

- Gross weight per piece: 4.516 g
- Height: 38 cm
- Length: 33 cm
- Width: 20.5 cm

Packaging Data

- EAN1: 8719018050571
- EAN3: 8719018050700

Packed product information

- Height: 5.2 cm
- Length: 36 cm
- Pack Quantity / MOQ: 1
- Weight with batteries: 615 g
- Width: 18.8 cm
- Size: Standard
- Cable length: 100 cm

Product description

- Hook: 360 degrees retractable hook
- Impact protection rating (IK): IK07
- Ingress protection rating (IP): IP20
- Magnet
- Materials and finishing: ABS with rubber coating
- Orientable light: 180° pivoting base
- Resistant to: grease, oil, workshop solvents
- Technology: LED
- Range: RCH
- UV leak detector: No
- Operating Temperature: 0°C to 40°C
- Number of LEDs: 6

Marketing specifications

- Product highlight: Rechargeable work lamp
- Expected benefits: See better, Work better

RC420B1

Highlights

Powerful light while you work

Whether you're in your garage, completing some DIY or trying to fix an appliance, it's always handy to have a small lamp around. Philips EcoPro40 delivers a main powerful light beam of 300 lumen (3 W) to help you to see the details you need to get the task completed.

Handy spotlight

Philips EcoPro40 also comes fitted with a handy spotlight to illuminate those hard-to-see areas. This strong spotlight on the top of the lamp delivers 100 lumen (1 W), so you can see small details even in those dark corners.

Hands-free lamp with 3 magnets

More often than not, you need both hands when you're working on a task. Philips EcoPro40 comes with 3 in-built magnets so you can easily mount the lamp on any nearby metal surface, such as under a sink or the bonnet of a car.

Two hooks for hands-free use

When you need both hands free to work, simply hook the EcoPro40 nearby with its two in-built 360° retractable hooks.

Up to 8 hours of battery life

Once fully charged, your Philips EcoPro40 delivers bright white light from its main beam for up to 3 hours. If you use the spotlight, the battery will last up to 8 hours of continuous use. So with occasional use, the lamp can last days before requiring a recharge.

Shock resistant

Even the most careful person occasionally drops things. That's why the Philips EcoPro40 is designed with a robust housing, meaning it will survive the occasional drop to the floor.
